RE Official Information Act request CDHB 10148

I refer to your email dated 10 July requesting the following information under the Official Information Act from Canterbury DHB.

- **Do GPs in the CDHB area have to report their vaccination rates and numbers to the CDHB? If so, I'd like to get that data and the number of enrolled patients for every GP in Canterbury for the most recent full year the data is available.**

General Practices are not required to report their vaccination rates and numbers directly to the Canterbury DHB. However they have been required to record patient level immunisation information to the National Immunisation Register (NIR) in line with the national immunisation schedule since 2005.

The NIR contains individual level data for immunisation, for all children born from after 2005. This information can be analysed at a General Practice level, which the CDHB uses to monitor and report on immunisation coverage.

While all children born since this date are on the NIR, this is not the case for all adults. Only data for adults vaccinated at a general practice (or more recently community pharmacy) will be held on the NIR. Adults not vaccinated are not included on the NIR, therefore we do not have a baseline to work off. We can only do this at a DHB or PHO level using census or PHO enrolments information.

Please find attached as **Appendix 1**, PHO / Practice level data for each practice in Canterbury by PHO. These show the coverage for the 12 month period 1 July 2018 – 30 June 2019. Please note we are declining to provide specific General Practice names under section 9(2)(ba)(i) of the Official Information Act i.e. *"...protect information which is subject to an obligation of confidence, where*

making available the information would be likely to prejudice the supply of similar information, or information from the same source, and it is in the public interest that such information should continue to be supplied”.

As indicated above we cannot provide practice level data for other events such as Seasonal Influenza, or HPV as reporting mechanisms for this have yet to be developed at a national level. Data on HPV and Seasonal Influenza is therefor only available at a DHB level.

I trust that this satisfies your interest in this matter.

If you disagree with our decision to withhold information you may, under section 28(3) of the Official Information Act, seek a review of our decision from the Ombudsman. Information about how to make a complaint is available at www.ombudsman.parliament.nz; or Freephone 0800 802 602.

Please note that this response, or an edited version of this response, may be published on the Canterbury DHB website after your receipt of this response.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Carolyn Gullery', with a long horizontal flourish extending to the right.

Carolyn Gullery
Executive Director
Planning, Funding & Decision Support
