RE Official information request CDHB 9888(a)

We refer to your email dated 29 August 2018 requesting the following information from Canterbury DHB, being a follow-up request to our response for OIA CDHB 9888 regarding Radiology Examination Data for financial year ended 30 June 2018 under the Official Information Act. Specifically:

- **There do not appear to be any figures for other Canterbury DHB sites: Ashburton, Kaikoura, Chathams and PMH.**
- **Also, there is no total for Theatre – there were 2736 theatre exams for the year ended June 30 2017 as provided previously. Could you please follow these up?**

Please refer to **Appendix 1**, (attached) for the information you have requested regarding Radiology Examination Data for financial year ending June 2018 for Christchurch Hospital, Christchurch Womens, Burwood Hospital, Ashburton Hospital, Kaikoura Hospital, Princess Margaret Hospital, Chathams and theatre information.

We are also providing you with an updated 'average patient wait times by urgency' as at 21 September 2018. Please find attached as **Appendix 2** (this excludes Angiography/Cardiology which is included in **Appendix 1 Table five**.)

I trust that this satisfies your interest in this matter.

Please note that this response, or an edited version of this response, may be published on the Canterbury DHB website after your receipt of this response.

Yours sincerely

Carolyn Gullery
Executive Director
Planning, Funding & Decision Support
