Note: The Canterbury DHB is not funded for specific positions. The funding allocated to the DHB is based on its population and demographic. The DHB then determines how best to meet the various needs within its community.

“Acute Mental Health” for this purpose relates to Te Awakura, the adult inpatient service only. Registrars and House Officers have not been included, as they are assigned to the SMHS and not necessarily to specific units.

Table one:

Enrolled Nurses	7.55
Health Service Assistants	3
Total	122.77

The most recent vacancy data available show some roles are vacant as per budgeted roles, whilst other roles are filled above budgeted levels.

The acute service is currently fully staffed in terms of total budgeted positions.
