

Canterbury District Health Board

Electing 7 Board Members

Gray CRAWFORD

My principal place of residence is in the Canterbury District Health Board area.

Our health system is strong. But is it sustainable? I have 20+ years senior management experience in primary, secondary and not for profit healthcare services for people battling cancer, depression, addictions and poor mental health. I also have experience providing 24/7 support to victims of serious injury and trauma. Ministerial consultancy appointments have included being Chair of the Health and Disability Ethics Committee and a member of a Lottery Welfare grants committee. I am Chair of the NZIM Foundation, a Justice of the Peace and a member of a multidisciplinary committee appointed to introduce equitable population health outcomes. If elected to the hospital board I intend to use my deep understanding of the health system to encourage better co-operation and engagement between health providers, government agencies and not for profits in the promotion and protection of the physical and emotional wellbeing of all Cantabrians.

Conflict of Interest Statement

I have the following current conflicts of interest with the Canterbury District Health Board (CDHB):-

I am Service Development Manager with the Volunteer Army Foundation Charitable Trust which has a funding contract with CDHB

I am a member of the population health accessibility service level alliance with the Canterbury Clinical Network

To the best of my knowledge and belief, I have no other conflicts of interest with the CDHB at the date of my notice of consent to being nominated as a candidate for membership of the board of the CDHB.

I do not believe that any conflicts of interest are likely to arise in future, other than the continuation of the conflicts of interest stated above.
