RE Official Information Act request CDHB 10705

I refer to your email dated 5 September 2021 requesting the following information under the Official Information Act from Canterbury DHB. Specifically:

This query relates to all CDHB hospitals and facilities in greater Christchurch.

- 1. The latest information in regard to ICU beds, occupancy rates, and the ability to scale up.
 - a. If graphs can be included with occupancy that would be appreciated.

Specifically, the number of ICU Beds, Occupancy, and the number of ventilators available. And how many ICU beds can physically be made available with quality patient care.

Please refer to the Excel spreadsheet (attached) for peak ICU occupancy between January 2013 and 30 September 2021. **Note:** This includes graphs.

We also refer you to a recent Official Information Act request/response CDHB 10684 which is posted on our website (link below) which includes information on our ICU and that we believe is pertinent to your request. www.cdhb.health.nz/about-us/document-library/cdhb-10684-ppe-covid-preparedness/

The number of ventilators available:

In ICU currently, we have:

Total of 41 Ventilators (invasive)

15 Drager v600 (Capabilities to do invasive, NIV and High Flow)
23 Hamilton C6 (Capabilities to do invasive, NIV and High Flow)
3 Mindray (Capabilities to do invasive, NIV and High Flow)

(Continues overleaf)

Total of 3 Non-Invasive Ventilation Units

- 3 Philips V60 plus - (Capabilities to do Non-Invasive Ventilation (NIV) and High Flow)

MOH fleet that is available if needed

- 7 Mindray - (Capabilities to do invasive, NIV and High Flow)

- 9 Philips V60 plus - (Capabilities to do NIV and High Flow)

TOTAL bedside ventilators available for ICU:

Invasive - 48 Non-Invasive - 12

Total of 10 Transport ventilators

- 10 Hamilton T1 (Capabilities to do invasive, NIV)

b. And can ICU beds be made available in greater Christchurch in private hospital capacity and is there an estimate to the number there. Don't have to give any commercially sensitive information just a general number.

St Georges Hospital has a small number of ICU/High Dependency beds available, but service provision is based on a limited number of days per month.

I trust that this satisfies your interest in this matter.

Please note that this response, or an edited version of this response, may be published on the Canterbury DHB website after your receipt of this response.

Yours sincerely

Tracey Maisey **Executive Director**

Planning, Funding & Decision Support

Appendix 1

Fig 1 ICU Peak Occupancy per day

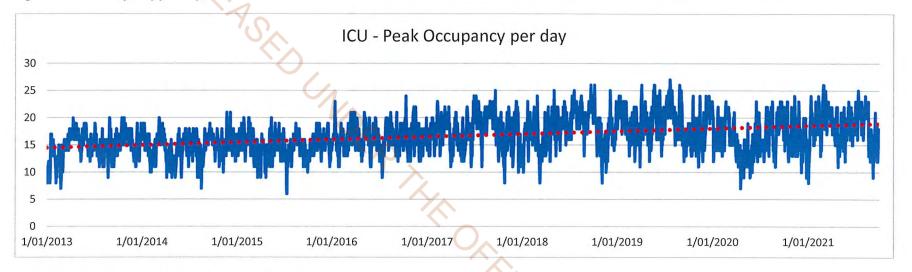

Fig 2. ICU – Number of admissions / transfers in per day

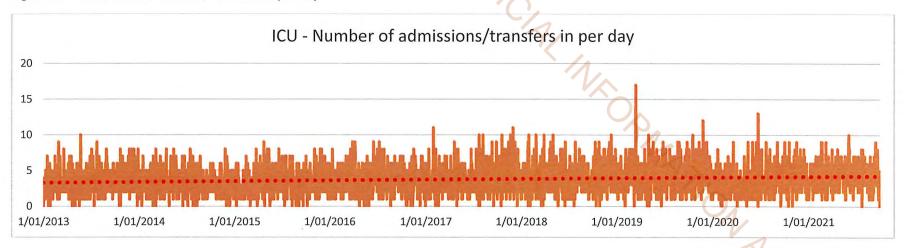

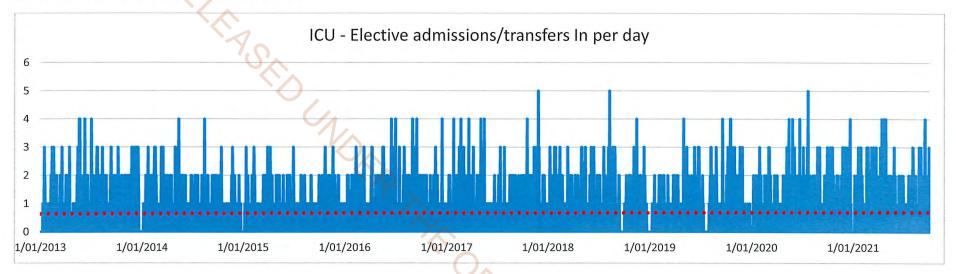

Fig 3. ICU – Elective admissions / transfers in per day
