

Canterbury District Health Board

Electing 7 Board Members

James GOUGH

Independent Citizens

My principal place of residence is in the Canterbury District Health Board area. I am also standing for the Fendalton Ward, Christchurch City Council.

The inadequate provision of car parking facilities for patients, visitors and staff for Christchurch Public Hospital is unacceptable and I see expediting the construction of a new hospital car parking building as a top priority.

What sets me apart is I am not interested in why things can't happen; I am committed to finding ways they can.

I have served as a city councillor for nine years and I bring a business lens with a people-focus that puts you and your family's health at the heart of decision making.

Critical issues for me include: children's healthcare, aged healthcare, maternity care, mental health, waiting list reduction and accident and emergency care.

I do not support chlorination of safe local water nor do I support compulsory mass fluoridation.

Make your vote count - a 1 ranking for James Gough is a vote for you and your family's future.

I am a trustee of the Antony Gough Trust and the McLean Institute Trust.
