### **RE Official information request CDHB 10503**

I refer to your email dated 7 December 2020 requesting the following information under the Official Information Act from Canterbury DHB. Specifically:

• Hillmorton Masterplan – can we see this?

Please find attached **Appendix 1**, the December 2019 Canterbury DHB Board presentation on the Hillmorton Hospital Masterplanning.

The Board presentation has been attached in response to your question, as it contains relevant information from the Masterplan but is presented more clearly for a general audience.

I trust this satisfies your interest in this matter.

Please note that this response, or an edited version of this response, may be published on the Canterbury DHB website after your receipt of this response.

Yours sincerely

Ralph La Salle Acting Executive Director Planning, Funding & Decision Support

### Hillmorton Hospital Masterplanning Presentation to CDHB

Job Number 3.1256 Date 17<sup>th</sup> Dec 2019 Client Canterbury District Health Board

### Agenda

- 1. Overview

# Existing Site Information

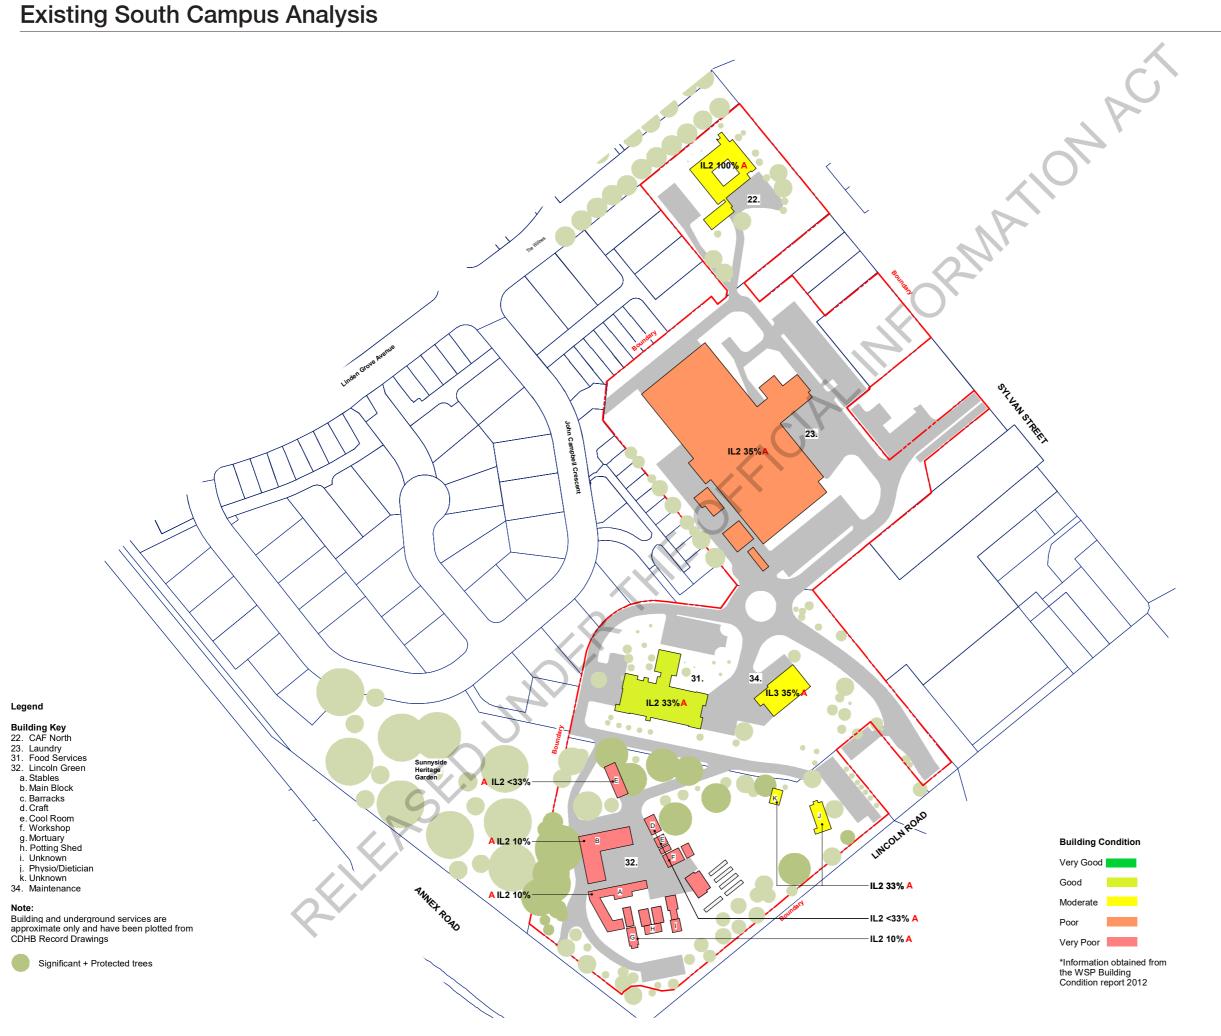

### **Existing Site**

### **Existing Site**

### **Existing Site**

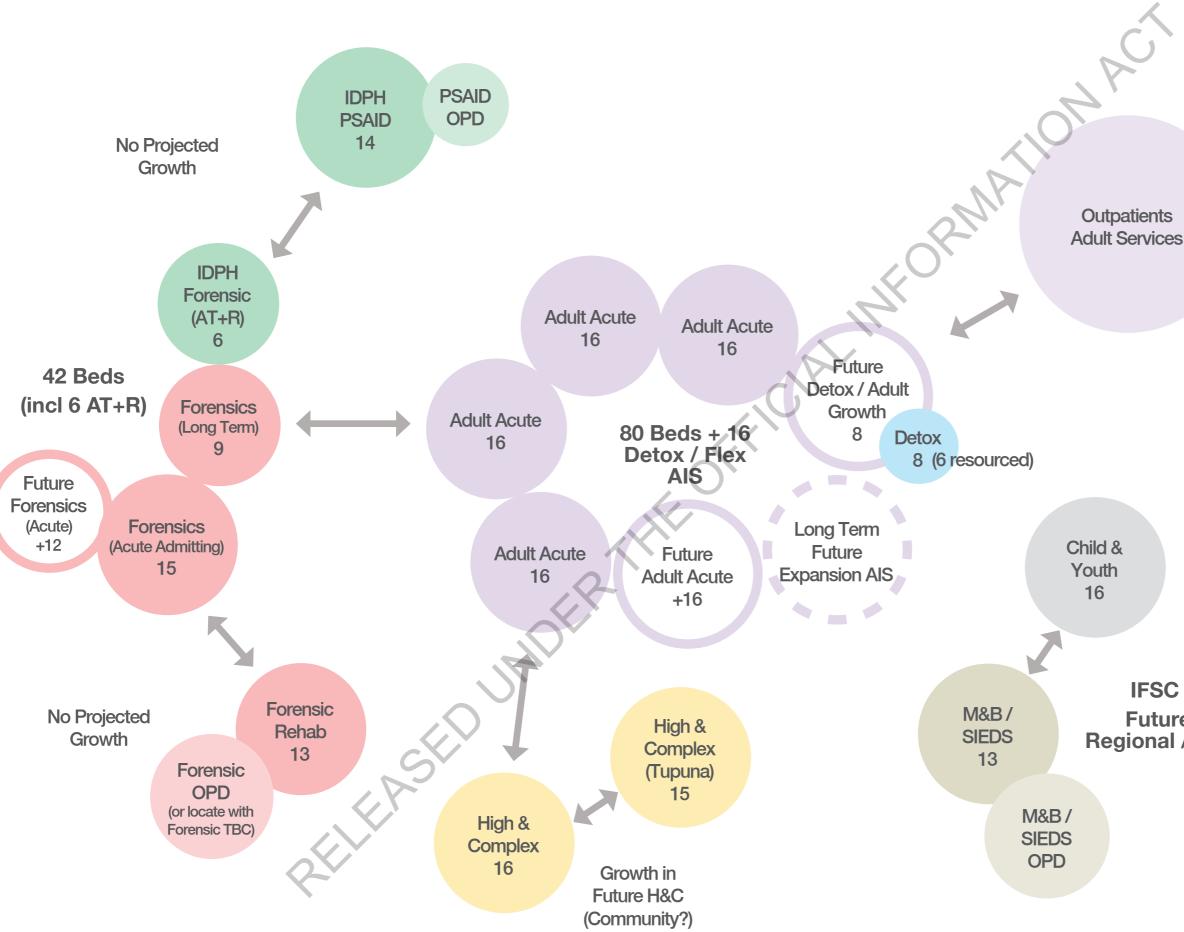

### Masterplan Principles

- Staged replacement of most existing buildings
- Create a heart of the site with a multi-functional building which sits in surrounding green space
- Smaller outpatient services such as Forensic and IDPH PSAID can be included in inpatient services, or could be catered for offsite in the community
- Operational continuity of site is retained during development
- Maintain as much green space as possible and give it purpose
- Site needs to be more accessible externally and internally
- Retain smaller built form, strengthen service co-adjacency and support network

# Next Steps

K

111

**Issues for Future Phases** 

Masterplan Development

- Outpatient growth numbers impact on build area of outpatients facilities
- Infrastructure/services masterplan
- Cultural narrative engagement in masterplan design

**Business Case and Facility Feasibility** 

- Interrogate staging / decanting / enabling
- Briefing and MOC development
