

Canterbury District Health Board

Electing 7 Board Members

Jo KANE

My principal place of residence is in the Canterbury District Health Board area.

Until Canterbury's funding is fair and equitable with the rest of New Zealand I will continue to offer myself as a forthright strong community voice. Canterbury's dedicated and hardworking health professionals need representation that strives to deliver better transparency, clear communication, accountability and will challenge mediocrity. The next three years are critical to ensuring progress with the facilities rebuild, funding priorities align with community needs and expectations but also considers the staff's health and well being. Mental health, children, adolescents, rural access and Canterbury's diverse population will be key areas of focus. I want to continue working with an outstanding workforce who have been sorely tested in delivering a health system we can all be proud of despite a number of unprecedented events. There are still plenty of challenges, relationships and financial pressures that have to be addressed. I'm still listening and asking the hard questions.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Canterbury District Health Board (CDHB) at the date of my notice of consent to being nominated as a candidate for membership of the board of the CDHB, and I do not believe that any such conflicts of interest are likely to arise in future.
