RE Official Information Act request CDHB 10087

I refer to your email dated 12 April 2019 and logged as an Official Information Act request on 18 April 2019, requesting the following information from Canterbury DHB in relation to Te Korowai Atawhai and Pukenga Atawhai. Specifically:

We would like to have a full breakdown of all FTE for Pukenga Atawhai over the past 10 years and their placements within the CDHB and the current situation of FTEs and placements.

Pukenga Atawhai are funded using clinical FTE resource. This has changed over time and sometimes year on year. Every FTE – clinical and non-clinical, is reviewed when a vacancy comes up to ensure we are considering the wider needs of a team, cluster, divisional and professional groups. We do not necessarily replace like with like.

Over the last ten years, services have been reconfigured in a number of ways which impacts on the way FTE's and associated expenses are tracked. These include accounting practices and software changes, as well as management system changes.

Please refer to the following **Appendices (1-11)** for information, we are able to provide, as requested over the past ten years. **Note:** The information provided required substantial manual collation. While we are confident that it is as accurate as possible given reconfiguration of systems, we cannot guarantee that it is completely accurate.

I trust that this satisfies your interest in this matter.

Please note that this response, or an edited version of this response, may be published on the Canterbury DHB website after your receipt of this response.

Yours sincerely

Carolyn Gullery
Executive Director
Planning, Funding & Decision Support
